

Wednesday Jan 16th

## MAP / Eagle Automotive of Bloomington

### EFFECTIVE USE OF DIAGNOSTIC RESOURCES S-DS11-16.01SEM

This seminar covers free and for-fee resources that technicians can access daily as needed in the diagnosis and repair of today's vehicles. Resources include manufacturer, aftermarket, government and Internet-based service information.

Course content includes location of and access to both manufacturer service information and aftermarket service information. Additionally, content covers the viability and reliability of repair-related Internet sites and blogs and their place in the scheme of today's repair environment. Content also includes government-based, automotive-related websites as well as diagnostic procedures, service tips and special tools
