

Seminar

Thursday February 11th

GM Theft Systems

Location: SEMO Automotive Warehouse

606 Commercial St, Cape Girardeau

This seminar discusses the theft-deterrent systems used on various General Motors vehicles. These systems will include:

- VATS
- PASS KEY I & II
- PASSLOCK
- IMOBILIZER
- PASSKEY III & PASSKEY III+

It focuses on information used to evaluate various GM theft deterrent systems for proper performance, and information on how to diagnosis theft deterrent malfunctions using a scan tool and DVOM.

These classes are made possible by choosing ACDelco Parts

For Reservations call 573/332-1720

Reservation required Limited seating to first 25
