Wednesday March 24, 2010

At Lowe / Eagle Automotive Warehouse in Crestwood

Engine Performance and Drivability

Excellent review of diagnostic basics that everyone will benefit from including running engine compression testing, detailed relationships between compression, spark and fuel delivery and advancing to the latest Variable Valve Timing and Displacement On Demand systems. Practical diagnostic techniques are emphasized. GM OBD 2 and Emission System Diagnosis seminars are suggested as pre-requisites.

Dinner provided at 5:30 P.M.

Meeting starting at 6:00 P.M.

Reservation required

Limited seating to first 30
